### Personas: Add additional sticky notes

To help you manage and organize contact information for an account, you can now add an additional sticky note to the Personas page.

From the Personas page, in the Persona Note 1 field, enter the information for the sticky note. In the Sticky Note Type 1 field, select a category. To save the note, click Save And. The note appears in the upper right corner of every page for the account. To add an additional sticky note, select Add Second Sticky Note.
